### **The Spring Break Travel Soccer**

**Camps** are run with the philosophy of “compete to have fun”. Players can expect to be challenged by drills that are designed to refine their skills in time for the Spring Season. This is the best opportunity for players to get back into the game after a long snow break.

**Camp Theme:** Mastery of First Touch to anticipate and prepare for the player’s second touch....pass or shot on goal through drills and small-sided games.

### **Camp Director:**

Jawed Sanie  
Director of Player Development  
ASA Travel Soccer Club
